About Us

Omar Saud, MBA, MS, LL.B

Founder & Startup Consultant

A visionary leader, finance professional, and a lawyer with extensive experience in public finance and startup ecosystem governance. Omar Saud brings a proven track record from the Department of Electronics, IT, and Bt, Government of Karnataka, where he successfully operationalized state-level innovation initiatives, managed large-scale government grants, and established robust financial control procedures for beneficiaries.

Adept at cross-functional leadership, he has orchestrated funding disbursements, established strategic innovation centers, and constituted executive oversight councils. His demonstrated expertise extends to driving multi-institutional stakeholder relations involving premier educational institutions, venture investors, and government bodies. Peyman Consulting is dedicated to partnering with innovative enterprises, empowering the next generation of founders to scale securely, drive impactful ecosystem growth, and democratize innovation.

Services Offered
